

Thesis submission checklist for postgraduate research degrees

Name:	
USN:	

You are required to follow the University's specified format and inclusion criteria when preparing your thesis for submission. These requirements are set out on the Cambridge Students website:

- [MPhil by Thesis](#)
- [PhD, BusD, EdD, MD, VetMD, MSc, MLitt](#)

You may be required to make corrections or revise your thesis after examination if you do not adhere to the specified requirements. In addition, for doctoral students, non-compliance may complicate deposition of your final thesis in the University's repository and therefore delay formal approval of award of the degree.

Please complete this checklist to confirm that your thesis meets each of the requirements. If you have any questions about the requirements, contact your Degree Committee for advice.

You should submit your completed checklist as a separate file alongside your thesis submission.
